Housing Officer

September 2024

Thank you for your interest in working with Lancashire Mind

Who are we?

Lancashire Mind is an independent mental health charity, delivering our impactful strategy that has been co-created with the people of Lancashire. We reach over 10,000 people each year.

We're an active member of the national Mind Federation, linking us with over 100 other local Mind organisations across England and Wales, providing excellent opportunities for good practice sharing and partnership working.

Our purpose is to support people in Lancashire to achieve the best mental health and wellbeing possible. To achieve this, we:

Change Minds by challenging stigma and increasing knowledge around mental health.
Support Minds by being a source of help, where, when, and how people need it.

We value being:

Real

Grounded in lived experience and making sure our work is relevant to Lancashire.

Bold

We're not afraid to demand better for people who need our help.

Caring

Treating people with compassion and respect and being there for people and communities in Lancashire.

Open

Working inclusively to tackle issues and being open to new ideas.

We believe that everyone can achieve good mental health and wellbeing and that resilience is the key to sustaining it. With 50% of mental

health conditions developing before the age of 14, building resilience from an early age is central to the work we do.

We empower people in Lancashire to value and take care of their mental health. Our work ranges from 1:1 support for people facing multiple and complex barriers, to preventative and influencing work. We work in partnership with others to make mental wellbeing a priority.

We are determined to be an organisation that is representative of the diversity of the whole county and one that challenges the mental health inequalities faced by our communities. We're working to become a truly anti-racist organisation.

Everyone who works for Lancashire Mind is fuelled by a passionate belief that enabling people to achieve mental wellbeing will reduce the number of people who go on to develop a mental health condition, and for those who do, to have a better chance of remaining well.

Join us to connect, change and support minds.

Why work with us?
